

NOTICE
HYDRANT FLUSHING

The Boyertown Borough's annual fire hydrant flushing is scheduled to take place between October 25th and November 5th, 2021. Fire hydrants will be flushed between the hours of 7AM and 3:30PM, Monday through Friday. Flushing hydrants can disrupt settled particles making the water discolored and cloudy. It is suggested that you run **COLD** water in your bathtub for at least 3 minutes or until you notice a temperature change, prior to using water in your home. If the water is discolored or cloudy, flush the lines until clear. This may take as long as 10-15 minutes in order to clear the line of any discoloration you may observe. If you have any questions, please call Inframark at 610-369-3041.
